

# Pomme d'Api Volunteer Manual

Prématernelle Pomme D'Api

# Introduction

Pomme d'Api is a parent run preschool. Our success depends on the support and corporation of all parents.

This manual explains the duties of each volunteer role. It is important that you check this manual to understand what the duties of your assigned role are. If you want to learn more about our general parent participation policies please consult the Parent Guide, available on our website.

- Please note that some roles require you to volunteer either before or after the school year has begun and ended and some roles require more volunteering at certain times of year or at special events.
- Some volunteer roles are very specific (for instance Classroom Cleaners), others are part of committees (for instance the Grant Writing Committee) that are largely selfdriven. It is up to the committee members to decide which specific projects and tasks they undertake throughout the year.
- As a parent volunteer it will be helpful for you to get in touch with the parent who occupied your volunteer role last year in the beginning of the school year to learn about your role. You can obtain the contact information for your predecessor from the Parent Participation Director at participation.pommedapi@gmail.com.
- If you have any questions about your role that are not answered in this manual, please contact the Parent Participation Director.
